DETAILED ACTION

This is the first office action for U.S. Application 09/558,182 for a Lamp Support for Emergency Light Fixture filed by Albert Alvin Katz on April 26, 2000.

Drawings

The drawings filed on April 26, 2000 are acceptable subject to correction of the informalities indicated on the attached "Notice of Draftperson's Patent Drawing Review," PTO-948. In order to avoid abandonment of this application, correction is required.

Allowable Subject Matter

Claims 1-17 are allowed. The following is an examiner's statement of reasons for allowance: In claims 1 and 10, Applicant claims a lamp support which can be rotated about an axis and is adapted to be connected to an emergency light fixture. The prior art does not disclose a lamp support for an emergency light fixture where the housing contains a light source and can be rotated about an axis. The other claims are dependent upon claims 1 and 10, and therefore are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
